TITLE: Sargassum Watch Warns of Incoming Seaweed

AUTHOR: ['Chuanmin Hu', 'Brock Murch', 'Brian B. Barnes', 'Mengqiu Wang', 'Jean?Philippe Maréchal', 'James S. Franks', 'Donald H. Johnson', 'Brian E. Lapointe', 'Deborah S. Goodwin', 'Jeffrey M. Schell', 'Amy N. S. Siuda']

ABSTRACT:

The Sargassum Watch System processes satellite data and feeds results to a Web portal, giving decision makers timely information on seaweed location and warnings for potential beaching events.
